Subject: Corruption in the Courts

To whom it may concern,

I am no lawyer, but I am a United States Citizen, and as such, I find the Microsoft settlement disturbing. From my view the only possible explanation is corruption on the part of Judge Coleen Kollar-Kotelly. She has effectively eliminated any impediment to an absolute monopoly by Microsoft Corporation, and done irreparable harm to the antitrust laws in the United States. In the future, any monopolist can use these proceedings as precedent to completely ignore US Antitrust law. I not only urge that the Justice Department review this case, but that Judge Coleen Kollar-Kotelly be investigated for her obvious complicity with Microsoft.
